PROFESSIONAL SUMMARY

Motivated Information Technology undergraduate at the University of Ruhuna with a strong interest in mobile application development and software engineering. Currently developing a Flutter-based mobile application as a final year project. Skilled in HTML, CSS, JavaScript, Firebase, Git, and MySQL. Eager to apply technical knowledge and contribute to innovative software development teams through an internship.

TECHNICAL SKILLS

Programming Languages: Java, C, HTML5, CSS, JavaScript

Tools and Platforms: Android Studio, Visual Studio Code, Git, GitHub, Firebase, MySQL, Microsoft Office

Soft Skills: Problem Solving, Teamwork, Communication, Time Management, Presentation Skills, Networking, Adaptability, Quick Learner

Languages: English, Sinhala, Tamil

EDUCATION

University of Ruhuna

Expected Graduation: April 2027

BA (Hons) in Information Technology, English Medium

Current GPA: 3.23 / 4.0

Advanced Level Examination (2021)

- Logic and Scientific Method - A
- Geography - A
- Sinhala - A
- General English - C

Ordinary Level Examination (2016)

- Mathematics - A
- English - B
- Science - B
- Business and Accounting Studies - C

Certificate Courses

- Computer Science Certificate Course, NIBM Campus, Sri Lanka (2022)
- English Certificate Course, The Beeline English Academy (2017)

PROJECTS

Azure Horizon Mobile Application (Hotel PG Booking System)

University Project

- Developed a mobile-based hotel and paying-guest booking application using Android Studio.

Entrepreneur Online Business Platform

University Mini Project

- Developed a web-based platform for university student entrepreneurs using HTML, CSS, JavaScript, PHP, and MySQL.

RESEARCH PROJECT

Mobile-Based Intelligent Bus Service Quality Reporting and Travel Assistance System (BusMate)

Final Year Research Project (Ongoing)

- Designing a four-layer system architecture (Flutter, Django REST Framework, Firebase Firestore, Python NLP microservice) for reporting and analyzing bus service quality on long-distance routes in Sri Lanka.
- Applying NLP and machine learning techniques, including text classification and sentiment analysis, to process passenger feedback.
- Developing a Bus Service Quality Score (BSQS) as a key output metric to summarize service performance.

LEADERSHIP AND VOLUNTEER EXPERIENCE

Graphic Designer, Rotaract Club of University of Ruhuna

2024 - 2026

Junior Prefect, Neluwa National College

2013

AWARDS AND COMPETITIONS

- Creative Writing, First Place - District Literary Festival (2016)
- Creative Writing, First Place - Divisional Literary Festival (2016)
- Creative Writing, First Place - Divisional Literary Festival (2014)
